

Striped Bites

Janes Ultimate Boneless Bites (#12538/# 12539/#12540) are so flavourful and delicious, they don't need a lot of gooey sauce to be enjoyed.

Instead of coating them all over in a sauce that could diminish their excellent crisp texture,

squeeze just enough of your signature sauce over prepared Janes Boneless Bites to make them eye-catching.

Game Day Blue Cheese "Fun-due"

Make a molten blue cheese dipping sauce by combining warm Alfredo sauce with chunks of blue cheese. Stir until smooth. Ladle into a chafing dish and keep warm.

Prepare **Janes Boneless Buffalo Bites (# 12539)** according to package directions. Serve with the sauce and fondue forks for a grazing style appetizer that patrons can share.
